

And out of 1,000 live births in our country each year, 8 babies die. More infants die each year in the United States than in 24 other developed nations.

As a Member of Congress and as a mother of four daughters, this maternal and infant mortality rate is simply unacceptable. We've got to find out why safe motherhood is still out of reach for so many American women. I am very proud to join many of my esteemed colleagues—NITA LOWEY, SUE KELLEY, CYNTHIA MCKINNEY, ILEANA ROS-LEHTINEN, and CAROLYN MALONEY—in introducing legislation today that will have a significant impact on the progress of maternal and infant health in this country.

In addition to introducing the Safe Motherhood Monitoring and Prevention Research Act, we would like to call on the Commerce Subcommittee on Health and Environment to hold oversight hearings on maternal and infant health and urge Congress as a whole to make this issue a national priority.

Our bill achieves 3 key goals, all necessary components to true progress in the enhancement of maternal and infant care.

First, it expands CDC's Pregnancy Risk Assessment Monitoring System (PRAMS) so that all 50 states will benefit from a public health monitoring system of pregnancy-risk related factors. Although the PRAMS program has received a lot of recognition for positively affecting maternal and infant health outcomes, currently only 18 states are benefiting from the success of PRAMS. Our bill also supports local and state efforts to collect data on mothers who experience serious complications during their pregnancy.

Second, our bill authorizes an increase in federal funding for preventive research, so we can identify basic health prevention activities to improve maternal health. This aspect of the bill builds upon the Birth Defects Prevention Act, which my colleague, Senator KIT BOND and I sponsored in the 105th Congress and which was signed into law last April.

The third and final component of our bill directs CDC to help states and localities create public education and prevention programs to prevent poor maternal outcomes for American women.

In addition, our bill emphasizes the need to expand existing prevention programs and pregnancy risk assessment systems to include those areas of the country where underserved and at-risk populations reside.

By looking at the list of original cosponsors of this bill, one is amazed at the very diverse groups of women legislators committed to this important piece of legislation. We're conservative and liberal. We're rural and urban. We're pro-life and pro-choice. And we're from multi-cultural backgrounds. But as a unique coalition of women, we're able to put aside our differences and come together on this common ground—on this precious ground—of the health and well-being of all mothers and infants in our nation. I urge all my colleagues to review the merits of the Safe Motherhood Monitoring and Prevention Research Act of 1999 and cosponsor this important piece of legislation.

## REAUTHORIZE THE OLDER AMERICANS ACT

**HON. WILLIAM O. LIPINSKI**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, June 23, 1999*

Mr. LIPINSKI. Mr. Speaker, recently in my home state of Illinois, the State Senate and the State House of Representatives adopted Senate Joint Resolution 39 urging the U.S. Congress to reauthorize the Older Americans Act for the upcoming fiscal year. I would like to commend the Illinois Legislature for their dedication to the elderly in their state and urge the 106th Congress to support the elderly of the country by reauthorizing the Older Americans Act. I enter into the RECORD Senate Joint Resolution No. 39.

Whereas, The Older Americans Act promotes the dignity and value of every older person age 60 and over (numbering 2,000,000 in Illinois) through an Aging Network led by the Illinois Department of Aging, 13 area agencies on aging, 233 community-based senior service agencies and 63 nutrition services agencies throughout Illinois; and

Whereas, The Older Americans Act is a successful federal program, with the U.S. Administration on Aging offering leadership in Washington D.C., the Illinois Department on Aging (the first state department on aging in the nation) at the State level, the area agencies on aging in 13 regions designated by the State covering all of Illinois, and community-based senior service agencies providing services in every community; and

Whereas, The Older Americans Act programs target resources and services to those in greatest economic and social need, promote the dignity and contributions of our senior citizens, support transportation services, provide home care, assist families and individuals with case management, guide those challenged by the legal system through legal assistance, provide for senior community service employment, offer information and assistance, establish multi-purpose senior centers as focal points on aging, serve congregate luncheon and home-delivered meals, provide health promotion and disease prevention activities, involve older persons in nutrition education, reach out to families with respite services for caregivers and small repair and home modifications, provide opportunities, education and services, connect people in shared housing, and advocate to public and private policy makers on the issues of importance to older persons; and

Whereas, The success of this aging network over the past 31 years is marked by the delivery of significant service to older persons in their own homes and community with the following services examples of that success:

(1) 374,538 recipients of access services, including 235,148 Information and Assistance Services clients and 68,493 recipients of Case Management Services;

(2) 53,450 recipients of in-home services, including 6,460,533 home-delivered meals to 41,305 elders;

(3) 185,520 recipients of community services, including 3,636,855 meals to 79,012 congregate meal participants at 647 nutrition sites and services delivered from 170 Senior Centers;

(4) 760 recipients of employment services, including 760 senior community service employment program participants; and

(5) 98,600 recipients of nursing home ombudsman services; and

Whereas, The organizations serving older persons employ professionals dedicated to of-

fering the highest level of service and caring workers who every day provide in-home care, rides, educational and social activities, shopping assistance, advice, and hope to those in greatest isolation and need; and

Whereas, The organizations serving older persons involve a multi-generational corps of volunteers who contribute the governance, planning, and delivery of services to older persons in their own communities through participation on boards and advisory councils and in the provision of clerical support, programming, and direct delivery of service to seniors; and

Whereas, The Older Americans Act programs in Illinois leverage local funding for aging services and encourage contributions from older persons; and

Whereas, The Older Americans Act programs are the foundation for the Illinois Community Care Program which reaches out to those with the lowest incomes and the greatest frailty to provide alternatives to long-term care, and the Illinois Elder Abuse and Neglect Interventions Program which assists families in the most difficult of domestic situations with investigation and practical interventions; and

Whereas, The Congress of the United States has not reauthorized the Older Americans Act since 1985 and only extends the program each year through level appropriations; and

Whereas, Expansion of the Older Americans Act is proposed in reauthorization legislation this year to offer family caregiver support, increased numbers of home-delivered meals, improved promotion of elder rights, consolidation of several programs and subtitles of the law; therefore be it

*Resolved, by the Senate of the Ninety-First General Assembly of the State of Illinois, the House of Representatives concurring herein.* That we urge the Congress of the United States of America to reauthorize the Older Americans Act this year; and be it further

*Resolved,* That suitable copies of this resolution be delivered to the President pro tempore of the U.S. Senate, the Speaker of the U.S. House of Representatives, and each member of the Illinois congressional delegation.

Adopted by the Senate, May 26, 1999.

Concurred in by the House of Representatives, May 27, 1999.

## HONORING JOHN MEISE

**HON. ELIJAH E. CUMMINGS**

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, June 23, 1999*

Mr. CUMMINGS. Mr. Speaker, each year the Veterans of Foreign Wars of the United States and its Ladies Auxiliary sponsor the Voice of Democracy audio-essay scholarship competition. The program is now in its 52nd year and requires high school student entrants to write and record a three-to-five minute essay on an announced patriotic theme. This year's theme is "My Service to America", and over 80,000 students participate in the program nationwide.

It gives me great pleasure to announce that John Meise, a senior at Mount St. Joseph High School in Maryland's 7th Congressional District, has been named a National winner in the 1999 Voice of Democracy Program and recipient of the \$1,000 Ervin and Lorraine
